HANDLING OF ANIMALS.

During public exhibition, any animal must be handled so there is minimal risk of harm to the animal and to the public, with sufficient distance and/or barriers between the animal and the general viewing public so as to assure the safety of animals and the public.

There were three tigers present that were used for direct public contact that were too large for safe contact with the public. The licensee stated that they are used for photos with the public. The tigers are 169 days old which is 24 weeks old (6 months). The Record of Acquisition shows the acquisition date for these tigers as 3/4/07 and the facility individual medical records and rabies certificate shows a date of birth of 3/1/07. The microchip numbers for these tigers are 091039877, 091040523 and 091029886. These tigers are too large for safe public contact and licensee must discontinue using these tigers to ensure the safety of the public and the animals. This affects 3 tigers.

INSPECTION AND EXIT INTERVIEW CONDUCTED WITH OWNER.
